

AJACS AD HOC REPORTS

AUGUST 5, 2011

TECHNICAL ADVISORY COUNCIL

AJACS Ad Hoc Reports

- Goal: To provide a shareable median for courts to access ad hoc SSRS reports.

AJACS Ad Hoc Reports

Strategy:

- Stage 1: Preliminary Research
 - Identify all ad hoc reports created by the courts
 - Define purpose of the reports and utilization impact

- Stage 2: Review Report Impact
 - Identify the demand of the reports as to which reports would courts mostly use

AJACS Ad Hoc Reports

- Stage 3: Technical Review of Reports
 - Determine format of the reports (SSRS / CRYSTAL)
 - Determine the coding and tables where the data is queried
- Stage 4: Conversion / Modification of Reports
 - Convert (if necessary) report coding to be placed on SSRS Reports Manager for all access
- Stage 5: Ad hoc Report Support
 - Create Training Documentation on utilization of reports.
